VOLUME 34 CONTENTS

NUMBER 1

E. Balieu and E. Bjarnov	1	Activated carbon filters in air cleaning processes—II. Prediction of breakthrough times and capacities from laboratory studies of model filters
I. Eide	13	The application of 8-hour occupational exposure limits to non-standard work schedules offshore
C. P. J. Caygill, M. J. Hill, R. L. Knowles, J. S. Kirkham and T. C. Northfield	19	Occupational and socioeconomic factors associated with peptic ulcer and with cancers following consequent gastric surgery
A.-B. Antonsson	29	A method to support small companies in improving their work environment—a manual for the plastics industry
R. C. Parker, R. K. Bull, D. C. Stevens and M. Marshall	35	Studies of aerosol distributions in a small laboratory containing a heated phantom
J. F. van der Wal	45	Exposure of welders to fumes and gases in Dutch industries: summary of results
W. Sahle, G. Sällsten and K. Thorèn	55	Characterization of airborne dust in a soft paper mill
D. A. Bagon	77	The Health and Safety Executive interlaboratory quality control scheme for isocyanates
P. Leinster, J. L. Bonsall, M. J. Evans and S. J. Lewis	85	The application of test data in the selection and use of gloves against chemicals
Short Communications		
J. Adamus and A. Śniegowski	91	Fibres in Lower Silesia hard coal mines respirable dusts
L. S. Waterman, C. J. Purnell and P. W. P. Anderson	97	Airborne fibre levels associated with the use of MMMF brazing mats during welding operations
W. Sahle	101	Lack of confidence in results obtained by SEM for airborne fibre concentration evaluation for dust sampled on porous membrane filters
Letter to the Editor		
P. Dewell	107	Some of those that got away
Book Reviews		
E. King	109	*Safety at Work—The Limits of Self-regulation.* By Sandra Dawson, Paul Willman, Alan Clinton and Martin Bamford
E. King	112	*Maximum Concentrations at the Workplace and Biological Tolerance Values for Working Materials* 1988. Report No. XXIV of the Commission for the Investigation of Health Hazards of Chemical Compounds in the Work Area
P. Shipley	114	*Occupational Safety and Accident Prevention. Behavioral Strategies and Methods.* By Carl G. Hoyos and Bernhard Zimolong
	116	*Radiographic Atlas of Pneumoconiosis.* By Qi Quo-xing
News Item	117	British Occupational Hygiene Society—Seventh International Symposium on Inhaled Particles 1991
	i	New Patents

NUMBER 2

Obituary W. H. WALTON	119	DR JOHN CARY GILSON, CBE, 9 August 1912 – 1 December 1989
J. MALCHAIRE	125	State of the art in heat stress evaluation and its future in the context of the European Directives
A. PODGÓRSKI and L. GRADOŃ	137	Dynamics of pulmonary surfactant system and its role in alveolar cleansing
I. EIDE	149	A review of exposure conditions and possible health effects associated with aerosol and vapour from low-aromatic oil-based drilling fluids
J. ADDISON and L. S. T. DAVIES	159	Analysis of amphibole asbestos in chrysotile and other minerals
M. K. MOLYNEUX and H. G. E. WILSON	177	An organized approach to the control of hazards to health at work
P. J. L. DENNIS	189	Reducing the risk of Legionnaires' disease
W. E. WALLACE, J. HARRISON, M. J. KEANE, P. BOLSAITIS, D. EPPELSHEIMER, J. POSTON and S. J. PAGE	195	Clay occlusion of respirable quartz particles detected by low voltage scanning electron microscopy–X-ray analysis
G. SÄLLSTEN, L. BARREGÅRD and B. JÄRVHOLM	205	Mercury in the Swedish chloralkali industry—an evaluation of the exposure and preventive measures over 40 years
T. DYBENDAL, H. VIK and S. ELSAYED	215	Dust from carpeted and smooth floors—III. Trials on denaturation of allergenic proteins by household cleaning solutions and chemical detergents
Conference Reports D. F. WEETMAN	231	Low risk or no risk? Who can tell? Assessment of Inhalation Hazards: Integration and Extrapolation Using Diverse Data. A symposium organized by the International Life Sciences Institute (ILSI), Hanover Medical School, F.R.G., 19–24 February 1989
A. G. RICHARDS	235	Seventh International Congress of International Radiation Protection Association held in Sydney, Australia, April 1988
Book Review P. DEWELL	239	*Noise Control in Building Services*. Edited by A. T. FRY
	241	Other Books Received
News Items	243	RoSPA ISHE '90 Congress
	243	National Workers' Compensation and Occupational Medicine Seminar
	244	7th French Annual Meeting on Aerosols
	245	First International Symposium on Global Warming and Human Health
	247	Corrigendum
	i	New Patents

Contents

NUMBER 3

J. H. VINCENT and D. MARK	249	Entry characteristics of practical workplace aerosol samplers in relation to the ISO recommendations
B. ROEBUCK, N. P. VAUGHAN and K. Y. K. CHUNG	263	Performance testing of the OSIRIS dust monitoring system
D. MARK	281	The use of dust-collecting cassettes in dust samplers
G. ROSÉN, I.-M. ANDERSSON and L. JURINGE	293	Reduction of exposure to solvents and formaldehyde in surface-coating operations in the woodworking industry
P. A. ELLWOOD, J. A. GROVES and M. I. PENGELLY	305	Evaluation of a diffusive sampler for formaldehyde
E. KING	315	Occupational hygiene aspects of biological monitoring
Short Communication D. C. GLASS	323	A review of the health effects of hydrogen sulphide exposure
Letter to the Editor T. NASH	329	Heat exchanger for air conditioning
Book Reviews D. L. SWIFT	331	*Aerosol Sampling, Science and Practice*. By JAMES H. VINCENT
T. L. OGDEN	332	*Aerosol Sampling, Science and Practice*. By JAMES H. VINCENT
M. L. NEWHOUSE	333	*IARC Scientific Publications No.* 90. *Non-occupational Exposure to Mineral Fibres*. Edited by J. BIGNON, J. PETO and R. SARACCI
	i	New Patents

NUMBER 4

C. A. NORMAN and D. M. HALTON	335	Is carbon monoxide a workplace teratogen? A review and evaluation of the literature
C. A. VEYS	349	Towards causal inference in occupational cancer epidemiology—I. An example of the interpretive value of using local rates as the reference statistic
R. HÉTU, H. T. QUOC and P. DUGUAY	361	The likelihood of detecting a significant hearing threshold shift among noise-exposed workers subjected to annual audiometric testing
L. SEEDORFF and E. OLSEN	371	Exposure to organic solvents—I. A survey on the use of solvents
E. OLSEN and L. SEEDORFF	379	Exposure to organic solvents—II. An exposure epidemiology study
H. F. G. BEVING, S. PETRÉN and O. VESTERBERG	391	Increased isotransferrin ratio and reduced erythrocyte and platelet volumes in blood from thermoplastic industry workers
Short Communications M. DEMANGE, J. C. GENDRE, B. HERVE-BAZIN, B. CARTON and A. PELTIER	399	Aerosol evaluation difficulties due to particle deposition on filter holder inner walls

I. B. CAMPBELL	405	Accident compensation and occupational health and safety: the New Zealand experience
Book Reviews P. WESTERHOLM	413	*No Fault Compensation in Medicine*. Edited by R. D. MANN and J. HAVARD
R. J. SHERWOOD	418	*Occupational Health in Industrialization and Modernization, Vol.* 2, 1988. Edited by XUE SHOUE-ZHENG and LIANG YOU-XIN
News Item	421	International Congress on Air Pollutants in Workplace Air—Impact on the Environment
	i	New Patents

NUMBER 5

	423	J. H. Vincent, President, The British Occupational Hygiene Society, 1990–1991
J. C. MCDONALD, B. W. CASE, P. E. ENTERLINE, V. HENDERSON, A. D. MCDONALD, M. PLOURDE and P. SÉBASTIEN	427	Lung dust analysis in the assessment of past exposure of man-made mineral fibre workers
G. K. SLUIS-CREMER, E. HNIZDO and R. S. J. DU TOIT	443	Evidence for an amphibole asbestos threshold exposure for asbestosis assessed by autopsy in South African asbestos miners
T. I. HEMPSTOCK and E. HILL	453	The attenuations of some hearing protectors as used in the workplace
M. HARPER and G. POSSEL MIRANDA	471	Management of health risks in the arsenic production industry: modern production in Chile in the context of past experience in Britain
E. BURINGH, R. VAN DE BELT and J. F. VAN DER WAL	483	Dust control measures in Dutch brickworks
E. BURINGH, J. F. VAN DER WAL and R. VAN DE BELT	499	Modelling of respirable dust concentrations in brickworks with a multiple cell ventilation model as an expedient for control measures
D. C. GLASS	509	An assessment of the exposure of water reclamation workers to hydrogen sulphide
S. N. TANNAHILL, M. H. JACKSON and R. J. WILLEY	521	Effect of cowl on air samples for amosite in the workplace and in the laboratory
S. A. M. T. JAFFREY	529	Environmental asbestos fibre release from brake and clutch linings of vehicular traffic
Short Communication D. HUGHES	535	The revision of dose limits for exposure to ionizing radiation
Book Reviews M. J. DUGGAN	541	*NCRP Report No.* 103. *Control of Radon in Houses*
R. AGIUS	541	*Occupational Hygiene Monograph No.* 17: *The Microbiological Hazards of Occupations*. By C. H. COLLINS and J. M. GRANGE

	543	Other Books Received
News Item	545	British Occupational Hygiene Society—Seventh International Symposium on Inhaled Particles 1991
	i	New Patents

NUMBER 6

S. N. Tannahill, R. J. Willey and M. H. Jackson	547	Workplace protection factors of HSE Approved negative pressure full-facepiece dust respirators during asbestos stripping: preliminary findings
N. P. Vaughan, C. P. Chalmers and R. A. Botham	553	Field comparison of personal samplers for inhalable dust
IJ. Kant, M. van Rijssen-Moll and P. J. A. Borm	575	Simulation of nitrous oxide concentrations in operating and recovery rooms
S. Vainiotalo and P. Pfäffli	585	Air impurities in the PVC plastics processing industry
M. P. Guillemin, R. S. Hillier and C. A. Bernhard	591	Occupational and environmental hygiene assessment of fumigations with methyl bromide
R. van den Oever, D. Roosels, M. Douwen, J. Vanderkeel and D. Lahaye	609	Exposure of diamond polishers to cobalt
P. J. Baxter	615	Responding to major toxic releases
G. Johanson and P. O. Droz	621	Pharmacokinetic modelling—an emerging field in occupational health [Papers from the International Workshop on Pharmacokinetic Modelling in Occupational Health]
J. H. Vincent	623	The fate of inhaled aerosols: a review of observed trends and some generalizations
V. Fiserova-Bergerova	639	Application of toxicokinetic models to establish biological exposure indicators
P. R. Jackson and G. T. Tucker	653	Pharmacokinetic–pharmacogenetic modelling in the detection of polymorphisms in xenobiotic metabolism
Book Reviews		
M. L. Newhouse	663	*Major Chemical Disasters. Medical Aspects of Management.* Edited by V. Murray
C. Driscoll	664	*Practical Laser Safety* (*2nd Edn*). Revised and expanded by D. C. Winburn
	i	New Patents
